Holly Berry House Originals The Seven Sensational Circles

The Celebration Ball

The Seven Sensational Circles do many wonderful things, not the least of which is the amazing Celebration Ball. Also amazing are the small, triangular ornaments that will even open to expose a small advent calendar gift,...or any special gift, or the double-sided decorative candy dish. The magic of these circles are the equal, curved and decorated side panels that fold both directions and are happy to be attached to each other in a variety of ways. They are also quite happy to lie flat as a beautiful coaster or be layered for a beautiful greeting card. The creative inspiration is the ever so amazing geodesic dome

Instructions

The Celebration Ball: The Celebration Ball is a spectacular decoration when carefully painted, glittered and embellished with cascading ribbons. It is the perfect touch for a wedding, an anniversary, a shower, a birthday or even just a happy gift for a friend.

- #1 Stamp in permanent ink or emboss twenty of sensational circles. Carefully cut out the inner circle inside the two outer lines. Take time to enjoy painting each one and embellishing with glitter.
- #2 Score each of the three narrow channels on each circle so the curved side can be bent upwards.
- #3 Glue five circles together around a common point in the middle, one flap to another. Do this twice, one for the top of the ball and one for the bottom.

 (See photo illustration)

- #4 Prepare the remaining ten circles to be glued together by lining them up in a row, alternating the triangles. Glue together making sure the edges line up perfectly with each other. (See photo illustration)
- #5 After making a loop and running your ribbon through the center of the five circles for the top, start attaching the ten circles to the top five circles by carefully gluing flap to flap.
- #6 After threading the ribbon through the center of the bottom five, attach the bottom five to the center ten by carefully glueing flap to flap.

#7 Once the ball is completed embellish with more ribbons and beads. Celebrate!
