Magnetic Storyboard Instructions

To prepare the background to be magnetic, just go to your local sheet metal provider, and have a piece of sheet metal cut to fit the frame of your choice. Place the metal in the frame directly behind your background paper. Stamp, color, laminate, and cut out each image. Attach a small magnet to the back of each laminated image.

The Nativity Advent Calendar

The nativity advent calendar set includes 25 small, charming images depicting the nativity. The background print may be softly colored and placed in an 11" x 14" frames in front of an 11" x 14" piece of sheet metal. These images may be stamped, colored, laminated, cut out, and have a small magnet placed on the back. Each day before Christmas one of these charming images is placed on the framed background print. As the days pass the story of the nativity comes to life. These sturdy, laminated images may be played with and rearranged daily, just for the fun of it. These same images are also perfect for cards, gift tags, and more. They may be purchased as a set or individually, un-mounted on repositionable cushion. Merry Christmas!
